## SHOW ENTRANTS TRACK CRUISE 1PM SAT

May I suggest that those interested should be there for the start of the 12hr, it's an awesome spectacle but don't leave it too close to 5am as there will be quite a line up of spectators trying to get in for the start.

You will be in the same display spot each day, quick shades, marquees etc are ok provided they are weighted down, you are able to pass out flyers & posters etc. for your club events. If you have any questions please either call or text me or send through an email.
